### *A Message from the Historic Preservation Officer*

*Shanon Shea Miller, AICP*

The Power of Preservation Foundation hosted an amazing event to celebrate the Grand Re-Opening of the Cool Crest Miniature Golf Course in July. I want to thank all the local celebrities who participated in the Celebrity Golf Challenge (Mayor Julián Castro, District 1 Councilman Diego Bernal, Congressman Lloyd Doggett, SAISD President Ed Garza, State Representative Justin Rodriguez, Bexar County Commissioner Tommy Adkisson, and former pro golfer Joe Conrad) and Ursula Pari for emceeding the event. I especially want to recognize the hard work and commitment of the Andry Family, who has breathed new life into this cherished local landmark. The Cool Crest miniature golf course is now open to the public, and this San Antonio institution shines once again! Keep reading for a fascinating history of the course and take a look at the photo album at the end of this newsletter for pics from this fun evening! We hope you will join

PoP at the next social event at Period Modern on September 12 where we will celebrate the fashions and furniture from the Mad Men era. It will be the perfect opportunity to find your PROM outfit! PROM is just around the corner on October 24.

The fifth annual Historic Homeowner Fair is fast approaching! This year's fair will take place on Saturday, September 21, at the Pearl Brewery. This is our largest event of the year, and it is a fantastic opportunity for historic property owners to connect with preservation professionals. The fair hosts a wide range of vendors and exhibitors, as well as an exciting line-up of demonstrations and presentations on preservation topics such as wood window repair, house history research, and more! We still have space available for vendors and exhibitors, as well as volunteer opportunities, so be sure to get involved! Keep reading for more details!

Finally, I'm pleased to unveil the new OHP logo (above). The logo promotes the overall City of San Antonio brand while highlighting the unique mission of OHP. We are proud of it.

Happy Labor Day Weekend!

### ***Fifth Annual Historic Homeowner's Fair***

Mark your calendars now and make plans to attend the fifth annual Historic Homeowner Fair, Saturday, September 21, from 9:30am-3pm! This free event brings homeowners together with preservation experts, City departments, and knowledgeable trades people to discuss how to care for and maintain your historic home.

This year's fair will be held at the beautiful Pearl Full Goods Building. Home to numerous shops, restaurants, and a Saturday morning farmers market, the Pearl is an excellent example of the successful adaptive reuse of a historic site. This venue will offer a fresh, outdoor setting and will provide vendors with an excellent location, ensuring more foot traffic and an increased exposure to reach a broader audience.

### ***Exhibit Your Product or Service at the Historic Homeowner Fair!***

Do you provide a product, information, or service useful to homeowners or residents interested in owning a historic home? Exhibit at this year's Homeowner Fair and reach hundreds of potential customers in one day. Exhibitor space is limited and potential vendors should register soon! ### Cool Crest Miniature Golf – The *Coolest* Spot in Town

Elizabeth Porterfield  
City of San Antonio Office of Historic Preservation

Looking for a fun outdoor activity with a vintage twist? Then you won't want to miss a stop at San Antonio's iconic Cool Crest Miniature Golf, recently restored and reopened! Cool Crest, located atop a rise on Fredericksburg Road slightly northwest of downtown, has long been a favorite gathering spot for miniature golf enthusiasts of all ages. From childhood outings to first dates, Cool Crest has played a significant role in San Antonio entertainment for over 80 years. After a brief closure, Cool Crest Miniature Golf is now back in "full swing."

Cool Crest Miniature Golf is first referenced in newspaper articles in 1930, but the course may have initially opened in 1929. Once advertised as "the Coolest Spot in Town," Cool Crest is integrally sited along the slope of a hill to capture prevailing breezes. Angled pathways, streams and ponds, banana palms, and lush landscaping meander along the naturally sloping terraces of the site.

Like most sports, miniature golf has evolved over the decades. In the early 1900s "Garden Golf" was played on real grass as a shorter version of regulation golf. The 1920s witnessed the emergence of the miniature golf craze with courses springing up all over the United States. Garnet and Frieda Carter, owners of the Fairyland Inn on Lookout Mountain in Chattanooga, Tennessee, are credited with promoting miniature golf in the 1920s on a national scale. Their "fairytale" miniature golf course for kids, created in 1927, was wildly their development of the prefabricated Tom Thumb Golf Course, patented in 1929. By mid-1930, there were an estimated 25,000-50,000 miniature golf courses constructed around the country with 4 million players. The courses generally featured an 18-hole range with figures, obstacles, and miniature buildings.

Despite this popularity, miniature golf dwindled during the Depression years, with many courses shutting down. Its comeback would dawn, however, with the suburban age of the 1950s and 60s. Miniature golf flourished during the post WWII automobile era, and courses became a familiar aspect of roadside architecture at motels, drive-in movie theaters, beaches, and other tourist areas.

Cool Crest Miniature Golf is exceptional for its continued operation through most of the 20<sup>th</sup> century as well as for its naturalistic setting. Unlike many of the miniature golf courses of its time with whimsical figures and themed settings, Cool Crest has always featured a lush, natural landscape nestled within the sloping terrain of a small hillside. Although initially under different ownership in the early 1930s, Harold and Maria Metzger were the long-time owners of Cool Crest who turned it into one of San Antonio's landmark entertainment venues. Reportedly Harold Metzger, owner of a trucking company in San Antonio in the 1930s, played a game of miniature golf with a friend in Dallas and decided this was a business venture to pursue. He leased the existing Cool Crest Miniature Golf Course in 1937 and set about updating the site. Metzger incorporated a large neon sign along Fredericksburg Road that still stands today. Metzger purchased the property after WWII, and a second 18-hole course was added in 1959-60. Maria Metzger continued to operate Cool Crest after her husband's death in 1998 until 2008 when her health forced her to close the business. With the death of Maria Metzger in 2010, Cool Crest faced an uncertain future.

Recently, Cool Crest has experienced a renaissance, due to the efforts of the Andry family. The Andry brothers, life-long San Antonio residents, purchased Cool Crest Miniature Golf and carefully returned the course to its former glory as a beloved San Antonio entertainment spot. Cool Crest has now reopened for miniature golf Tuesday through Sunday (closed on Mondays). Special summer discounts are available, and the outdoor patio can be reserved for parties or events. Cool Crest is located at 1402 Fredericksburg Road. Additional information is available at [www.coolcrestgolf.com](http://www.coolcrestgolf.com) or by calling 210-732-0222.

Visit Cool Crest Miniature Golf and challenge yourself on the two 18-hole courses. Enjoy the shade of banana trees and the ripple of waterways as you experience one of San Antonio's most cherished family fun spots!

## ***Preservation Partners***

---

Mitchell Andry, a native San Antonian, Central Catholic High School graduate, and a 31 year USAA employee, is a lifelong golf fanatic, and he and his brothers are the current Cool Crest owners. He loves San Antonio, its history, and culture, and he is ecstatic that he has had a chance to be involved in the restoration and preservation of a San Antonio icon. His hopes for the preservation effort are not only to maintain and sustain the physical beauty of the property San Antonians love but to maintain and pass on the collective memory that people have of it.

Walter Mathis enhanced Villa Finale's world of visual beauty by filling his home with the sounds of music. Guests to his home were treated to a unique visit as they toured Villa Finale's collections while their ears were entertained by the musical delights of antique machines. In this popular tour, we recreate this experience by treating today's visitors to demonstrations of some of the rare music machines in the Mathis collections including the automated 1921 Bechstein-Welte reproducing piano, located inside one of the home's lavish parlors.

# PARK(*ing*) Day<sup>®</sup>

## PARK(ing) Day is Friday, September 20, 2013

Together the Center City Development Office and Downtown Alliance/Centro Partnership seek creative folks to participate in the City of San Antonio's **2013 PARK(ing) Day** celebration, an international event in which metered parking spaces are transformed into engaging "parks" for one day of the year. Have a great idea for transforming a parking space into a park? Park(ing) Day is your chance to showcase it! For more information and an application to sponsor a space visit CCDO's website: <http://www.sanantonio.gov/ccdo/NewsAndEvents>

What is PARK(ing) Day? PARK(ing) Day is an annual open-source global event where residents, artists and activists collaborate to temporarily transform metered parking spaces into "PARK(ing)" spaces: temporary public places. The mission of PARK(ing) Day is to call attention to the need for more urban open space, to generate critical debate around how public space is created and allocated, and to improve the quality of urban human habitat ... at least until the meter runs out!

Original concept by Rebar. [www.rebargroup.org](http://www.rebargroup.org)  
Source: <http://parkingday.org>

**A sponsor is:** A community group, organization, City department, or other business that "sponsors" a metered parking spot and is responsible for creating a small park in that space. Interested in sponsoring a spot? For more information, contact Megan Wright, [megan.wright@sanantonio.gov](mailto:megan.wright@sanantonio.gov) or 210-207-8031
